WAC Committee Update-Patty Perry

The WAC committee met with George Shutes, Idaho Transportation Department (ITD) on May 1st to discuss the future of the wildlife detection system. The system as it stands needs updating and maintenance to meet the needs of the Idaho Transportation Department (ITD). Patty & George contacted Brice Sloan to see if he had any use or interest in part of the equipment; he may have a client able to purchase parts of the system. The goal is to purchase another reader board type sign to add to the three that have been given to ITD to use in the County. The WAC committee meets again on May 23.

TMDL Committee Update-Patty Perry

TMDL Committee met May 15 with Bob Steed and discussed the changes in the Shade Rules affecting Deep Creek and Boundary Creek TMDL's. They also reviewed the 2016 Addendum of the Assessment of Water Quality in Kootenai River and Moyie River Subbasins (TMDL). Further review and an opportunity for comments will take place at the next meeting on June 6.

Kevin Greenleaf, Dave Wattenbarger and Jerry Garten, the citizens monitor team, along with Brandon Glaza, Forest Service Hydrologist, will continue to monitor the designated TMDL Streams and chart temperatures and averages. Kevin G. has agreed to continue to do that after retirement.

Brandon also gave his presentation of Aquatic Organism Passage Projects accomplished with CFLRP on the Bonners Ferry Ranger District, earlier viewed at the KVRI meeting in Nov. 2017. It highlighted Forest Service/CFLRP work done from 2012 to the present and future projects in the works.

Patty added that on June 11, 2018, the Kootenai Tribe and the County will be meeting with the Border Patrol and the Forest Service for an update on the Bog Creek Road.

Kevin Knauth sent a CFLR Project Update on 5.22.18, it was sent to the Board and is available on the KVRI website at www.kootenai.org

Pacific Northwest Scenic Trail Update-Patty Perry

Patty reported that the Tribe has spent time with partners in Montana and they have produced a map of the proposed reroute that joins with what the Idaho folks proposed..... Scott S. and Norm M. have created a complete re-route map for KVRI tonight. It became apparent that to be able to make any significant change to the trail route it would take a congressional effort. So the congressional language has been put together and she will mail it out to everyone along with the map. If you have any additional comments or concerns please share them right away.

The reroute has support from the Montana Partners, Idaho Conservation League, Selkirk Conservation Alliance, and the Boundary County Commissioners.

Patty mentioned she had discussed the re-route with Eric Anderson (newly formed 9B Trails) and encouraged him to come and visit with KVRI to discuss their goals & objectives for trails in our area.

The PNWST proposed reroute map and PNWST Legislative Language document is available online on the KVRI Website at www.kootenai.org

Next KVRI Meeting

The next meeting is scheduled for June 18, 2018 at 7:00 p.m.

Business portion of the meeting was adjourned at 7:30 p.m. The group enjoyed cake and coffee and a celebration of Patty's retirement followed.
